

UN Security Council Sanctions Committees

This page contains links to the latest versions of all United Nations Security Council targeted sanctions lists. The individuals and entities included in these lists are subject to the relevant measures imposed by the Security Council, and all Member States are obliged to implement these measures in connection with listed individuals and entities. Each separate list is maintained by the relevant Security Council Committee: detailed information about each list, including a description of the relevant measures that apply, the criteria for listing, and procedures for seeking delisting or exemptions to the measures, can be found on the website of each relevant committee by following the links provided on the left side of the screen. Each separate list was established, and is now maintained, in its own unique political context. This page has been created in order to provide one point of entry on the United Nations website for each of the separate lists.
